

H O P E

2021/22 IMPACT REPORT

OUR MISSION

JFSC enriches lives and strengthens communities by providing social services to individuals and families across their life spans, based on the values of compassion, social justice and improving the world.

OUR VISION

Enriching lives and strengthening communities.

OUR GUIDING PRINCIPLES

We treat each individual with **dignity and respect**.

We are **inclusive and accessible** to people of all faiths and cultures.

We value **participation and collaboration** to achieve the best results.

We are **accountable** to our clients and stakeholders.

We **empower** individuals and families by promoting self-sufficiency.

We **respond** to new ideas and emerging needs.

OUR PRIORITIES

Service Excellence

We provide our clients with top quality programs and services and strive for superior client satisfaction.

Organizational Sustainability

We work towards a long-term sustainable future by growing our financial resources, building our donor support base and enhancing staff and volunteer satisfaction.

Organizational Presence

We increase the visibility of the Agency, our programs and services, and expand our target audiences.

Strategic Collaboration

We continue to identify and cultivate trusted relationships and collaborations to optimize outcomes for clients and communities.

Thank you so much. It's people like you who make life easier for us who struggle, you give me hope.

Rosalie L., client

JFSC is a non-denominational accredited social service agency.

HOPE. *If we've learned anything over the last two years, it's that everyone needs a hand up at some point in their lives. Nobody is immune to the obstacles and hardships that life tends to throw at us, and hope is a critical tool we need in our life survival kit.*

Hope doesn't prevent difficult challenges from coming our way and doesn't magically solve our problems. Hope is part of acknowledging our current situation, working to find the best way to cope, and digging deep to find optimism. It's a mindset that helps us look beyond our current situation to see that something better is possible. And sometimes it is impossible to do on our own.

If we've been hungry for days, feel alone and isolated, can't put down that bottle of alcohol or know we can no longer financially support our families, it's hard to dig deep and find hope.

JFSC was created to help people navigate through challenging times. Sixty years later we continue to be a source of hope for our clients, promoting feelings of belonging and the optimism for a better tomorrow.

JFSC: PROVIDING HOPE FOR 60 YEARS

As we celebrate our 60th Diamond Anniversary, we want to thank you, our supporters, for being our partners in making a difference in the lives of our neighbors, friends and family.

Anniversaries are an opportunity to remember, reflect, reminisce, and celebrate. We are reminded of JFSC's resilience over six decades, through complex social, economic and political issues and events including wars, social unrest, Jewish immigration and resettlement, economic turmoil, antisemitism and today's upheaval from Covid.

THANK YOU FOR YOUR SUPPORT

MESSAGE FROM THE BOARD CHAIR KRISTEN JOFFE

From JFSC's inception 60 years ago, the agency continues to provide community support, meet emerging social needs, and find innovative strategies and solutions for ongoing social issues. Along the way we have provided HOPE for many thousands of individuals and families.

The past 12 months have continued to be challenging due to the prolonged Pandemic and increased demand for assistance. Through the combined work of the Board, staff and volunteers, we feel we have made big strides, staying true to our mission and vision, working to satisfy our Strategic Priorities.

Service Excellence

Our clients continue to express that they feel valued, treated with dignity and respect, and are receiving what they need in a timely manner. This year, our array of Seniors programs and the Safta's Kitchen Program were recognized for their excellence, receiving high profile awards.

Organizational Sustainability

The Board continued its sustainability work by updating By Laws, developing succession planning strategies and relevant targets and metrics to steward performance. The goal is to enable improved communication about our impact and outcomes to supporters. In addition, our risk management plan was reviewed to ensure appropriate risks are recognized and monitored.

Organizational Presence

The new Communications department worked this year to expand reach to new audiences and increase the agency's visibility. Stories highlighting our work and expertise were placed in the media, JFSC online listings were revised, printed publications updated, three podcasts were developed to highlight JFSC programs, and the online Speaker Series and Annual Fundraiser reached new audiences.

Strategic Collaboration

JFSC continued its collaborative work with other organizations and agencies to streamline social service delivery for clients. Examples of these collaborations include the Way In Network and the PCN In-Home Supports Coordination. A list of Collaborators and Partners is included in this Impact Report and is on our website.

I would like to thank our Board, staff, volunteers, funders, donors and supporters for working together to ensure that JFSC continues to be an exceptional agency meeting the highest quality standards for our valued clients.

On behalf of our staff, Board of Directors, and clients, we thank you, our donors, funders and volunteers. Your support allows us to continually grow and strive to make a significant impact in the lives of the people we work with.

A handwritten signature in black ink, appearing to read 'Kristen Joffe'.

Kristen Joffe
Board Chair

MESSAGE FROM THE EXECUTIVE DIRECTOR ROXANNE DROPPA

This has been a year about...hope.

It was after a recent conversation with one of our long-term donors that I started thinking 'How do numbers tell our story of impact and hope?'

In our Annual Impact Reports we provide numbers to demonstrate impact, however it can be hard to fathom what it really means to reach 300, 500, 1000, **1652 individuals** because these are simply numbers, not faces. You can't look a number in the eye and see the deep gratitude emanating from its soul. You don't get the smile and look of relief when that number sees the food that will silence the grumbles in its belly. You can't look at that number and see that it has just found someone to listen and find empathy and compassion in its situation. And that number can't tell you its unique life circumstances that led to the feelings of isolation and loss of human connection.

We are a small but impactful agency in Calgary. We talk about distributing **1346 food hampers**, but for that one senior who answers their door to a volunteer with a beautifully decorated basket of nutritious food made especially for them, this is a monumental experience – for both the client and the volunteer. We talk about providing **70,010 Hours of Home Support Services** for our clients, but that hour spent helping a Holocaust Survivor shop for groceries and prepare a meal is precious and impactful.

What we do through our **4,281 home visits** and our **1,033 counselling sessions** is provide HOPE. Hope for a parent struggling to help their child cope with mental health challenges, hope for a newcomer who came to Calgary for a better future, hope for an isolated senior to know that someone cares about them, and hope for our communities in that we recognize we are all stronger together.

As I reflect over the past year, I am reminded of the importance of the work we do. We touch people and work to provide them with the power to believe that better days, a fresh start or second chances are possible.

“

We touch people and work to provide them with the power to believe that better days, a fresh start or second chances are possible.

”

On behalf of our staff, Board of Directors, and clients, we thank you, our donors, funders, partners and volunteers. Your support allows us to continually grow and strive to make a significant impact in the lives of the people we work with.

Roxanne Droppo MA, RSW
Executive Director

2021/22 IMPACTS

If the pandemic has taught us anything, it is that life can throw us off balance in the blink of an eye.

Throughout our journey this past year, we worked to keep clients, volunteers and staff safe from not only COVID, but feelings of despair, hopelessness and isolation.

We have experienced challenges and hardships, but we have also witnessed remarkable perseverance, community support, and an impressive commitment that has helped us flourish through this very trying time.

2021 Minister's Senior Service Award in the Nonprofit Organization category

"This Award recognizes Albertans who have exemplified leadership and compassion in serving seniors and their communities."

The Award was presented by Minister Tyler Shandro.

"2021 Helpers" Award, Igniting Neighbours For Kind Communities (Safta's Kitchen Program)

"Calgary Seniors' Resource Society is honoured to award JFSC the "Helpers" award which is the organization that 'provides a helping hand to those most at need' for their Safta's Kitchen project. This award is part of our Igniting Neighbours for Kind Communities Collective Impact Initiative."

Jessica White, Igniting Neighbours Lead

Sold out, the 6th Annual Martin, Staniloff & Thal Charity Golf Classic is the most successful to date

"Knowledgeable and personable moderator, speaker with an interesting, relevant and compelling story. Gives meaning to the support offered by JFSC."

- Webinar participant

JFSC collaborated with Storytelling Alberta to capture Lili Glicman's Passover memories

"Great overall look at anxiety and its origins using relevant up to date research. The concept of attunement was really helpful and I learned a lot."

- Workshop participant

CHW Calgary Centre and Mimi Breitman Toy Drives brought holiday gifts for children in need

JFSC is a proud participating charity in Birdies for Kids presented by AltaLink. Birdies for kids is a non profit program under the Shaw Charity Classic Foundation. Under this program, JFSC receives 100% of every donation plus a match of up to 50%, stretching your support even further.

In this year's satisfaction survey, clients reported that:

99%

feel they are treated with dignity and respect

98%

feel valued by staff

98%

feel concerns are addressed in a timely manner

96%

feel services meet their needs

97%

would recommend JFSC to friends and family

Life can throw us a 'curveball' at times, but we have managed with the help of friends, family and organizations like yours to get to a better place. It makes me believe that the world is a great place.

Nancy F., workshop participant

BASIC NEEDS SUPPORTS

It's hard to see the potential for a better tomorrow when you're hungry. When you need diapers. When your child doesn't attend a birthday party because you can't afford a gift.

Over the past year, COVID-19 added additional pressures to job losses, breakdown in family relationships, family conflict, poverty, higher food costs and an increase in the overall cost of living. We introduced curbside deliveries of groceries, essentials, hygiene products and even pet food this year to assist our clients.

The Wynne Thal Pantry includes perishable and non-perishable food items in addition to personal hygiene products and pet packages. Food and grocery gift cards are also provided by donors.

1,346

Food hampers distributed

FAMILY ENRICHMENT PROGRAM

Finances are tight. It's hard to find steady work and the kids are in and out of school because of Covid in their classrooms.

Fighting with the ex is a regular occurrence and the kids have become pawns. They are miserable, the youngest is starting to use food as a way of getting attention. Hope is hard to find right now.

Since the new Family Enrichment Program launched last year, we have seen a **443% increase** in requests for service. These scenarios are commonplace, our clients are dealing with a lack of affordable and stable housing, mental health and addiction issues, challenges entering employment, youth mental health challenges, domestic violence and access to basic needs.

Recognizing that strong families build strong communities, we work with clients in their homes to help strengthen and promote healthy family environments.

Shalom Bayit (Domestic Violence)

Domestic Violence situations have increased significantly during the pandemic. Safety planning resource navigation, advocacy, community connections and basic needs are delivered to clients in a safe, caring atmosphere.

“

Domestic abuse and coercive control is particularly prevalent in Alberta. Given the pandemic and the economy it's worse than usual. Having knowledge makes everyone an advocate for change.

Fiona K.,
Speaker Series Participant

”

MENTAL HEALTH SUPPORTS

Seniors Mental Health and Addictions Response Team (SMHART)

Depression, anxiety, and other mental health issues can present in older adults as a result of the cumulative effects of loss, grief and sorrow. Our Team works with older adults struggling with mental health and/or addictions.

Additionally this year, funding from Calgary's Mental Health and Addictions Strategy has enabled us to partner with carya to provide one to one counselling for identified seniors, further supporting our work with mental health and addictions issues.

Living alone, John had long-standing diagnosed mental health issues. At 79-years old, he wasn't taking care of himself, eating properly or taking his medications. His health was declining, and he had lost hope.

JFSC was called in to help. He initially refused to answer the door and rejected any support. Over time, his caseworker worked to build a level of trust, and John began to accept that her assistance would improve his quality of life.

After months of support, John now has proper access to financial resources, his taxes

are filed, communication with his doctor has improved, and he is less fearful of professionals. He is now taking his medications properly, has access to nutritious food and has taken steps to reduce his isolation and build connections by reaching out to a family member. John's hope for a better tomorrow is returning.

Since SMHART's inception in November 2020, we have seen significant success in improving clients' quality of life, observing positive change across all domain areas (mental health, addictive behavior, financial, housing and safety).

Mental Health Support Line 403-287-3511 (intake line)

Our Mental Health Support Line is an accessible resource for people struggling with their mental health. We provide confidential, barrier-free, short-term therapy with a registered psychologist.

Sheila Gurevitch Youth Mental Health

As part of the Family Enrichment Program, Sheila Gurevitch supports JFSC's work to strengthen and support youth mental health.

Seniors After-Hours Support Line

This one-year pilot enhances our wrap-around mental health services by providing after-hour support to seniors.

Jewish Community Chaplain Services

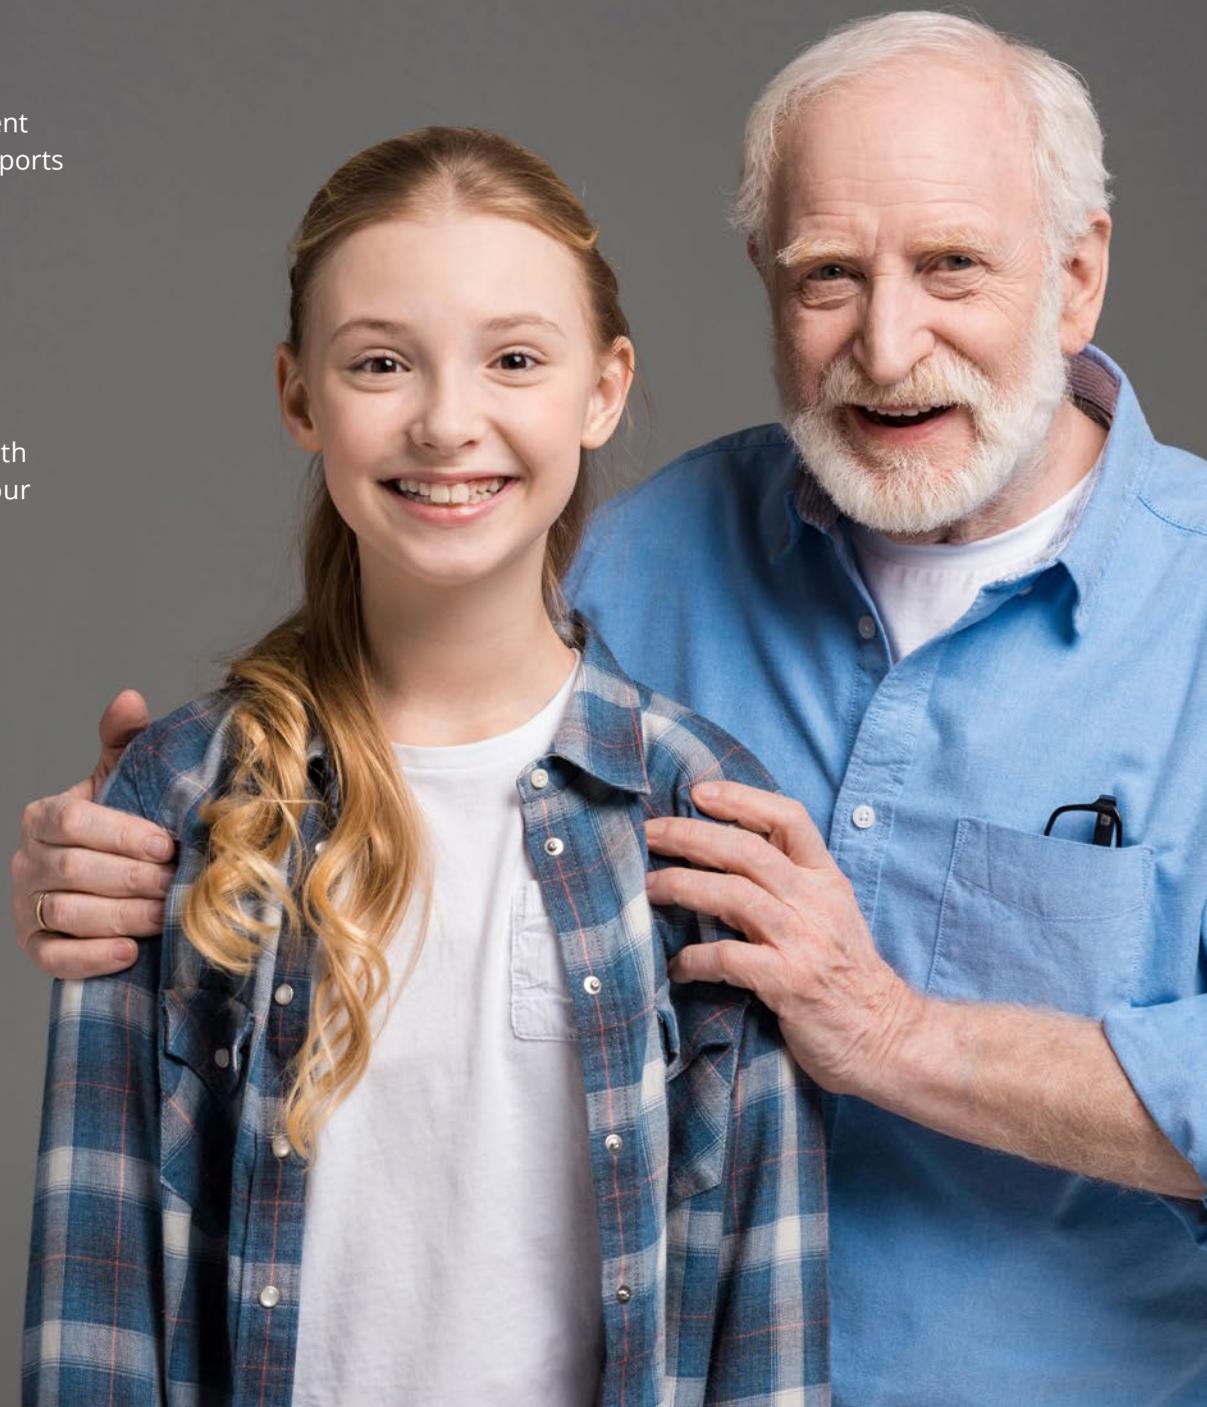

This year we integrated the Chaplain role into JFSC. The Chaplain's multi-faith focus is to provide comfort and grief support, in addition to visiting people in long term care facilities, hospitals and hospice.

“

You helped me understand that recognizing the cracks also allows the light in. Embracing vulnerability builds resilience. Thank you.

Sarah P., client

”

SENIOR AND OLDER ADULT SUPPORTS

“

Thank you for JFSC's exceptional dedication and outstanding commitment to improving the lives of seniors in Alberta.

**The Honourable Josephine Pon,
Alberta Minister of Seniors
and Housing**

”

JFSC Programs and Services for Older Adults

- Basic Needs Supports
- Older Adult Supports: The Way In Network
- Memory Care Program
- Caregiver Support Programs
- Seniors Mental Health and Addictions Response Team
- Mental Health Support Line
- Private Home Support Services
- Friendly Visitor Program
- Safta's Kitchen Program
- Post War Holocaust Survivor Services (Claims Conference)
- PCN In-Home Supports Coordination
- After Care Support Services
- City Links (Special Needs Assistance for Seniors)

Older Adult Supports

This past year, primary concerns for our clients included social isolation, physical health, food support, housing, applying for government benefits, transportation, housecleaning and legal assistance.

We support older adults in the City of Calgary as part of The Way In Network (a collaboration with carya, Calgary Senior Resource Society, Calgary Chinese Elderly Citizens Association).

PCN In-Home Supports Coordination

We are part of a collaboration working with PCNs and AHS Acute Care discharge staff. We support seniors as they transition back to community after hospital discharge.

After Care Support

Our commitment to clients includes the provision of short term one-off services after program discharge.

Memory Care Program

Our Memory Care volunteers visit clients in their homes for one-on-one activity support, while providing the opportunity for caregiver respite. Volunteers build relationships and offer individually catered activities for cognitive, physical, social and emotional support.

Friendly Visitor Program

This popular program pairs volunteers and seniors for weekly visits with the aim of providing connection and reducing isolation.

Caregiver Support Programs

Our programs for caregivers of seniors include education, group sessions and individual counselling to assist with resource navigation, coping strategies and caregiver self-care. Work this year included program development, a caregiver podcast and workshops.

Safta's Kitchen Program

Receiving the 2021 "Helpers" award from Igniting Neighbours For Kind Communities, this community meal share program's goal is to decrease social isolation and build connections for seniors through sharing stories and food. Adjusted for Covid, meal kits are delivered monthly to seniors in their homes.

JFSC Partnerships/ Participation in Seniors Programs and Services

We have relationships and partnerships in multiple community outreach programs for seniors. These include Age Friendly Calgary, the Bertha Gold Jewish Seniors Residence, Calgary JCC, Calgary Missing Older Adult Resource Network, Community Based Senior Services, Senior Secret Service, Shawl-om Project, Calgary Neighborhoods, Ogden House Senior Citizens Club, Home to Hospital to Home Community Collaboration and other programs and events through various Calgary senior residences and facilities.

Post War Holocaust Survivor Services (Claims Conference)

Case managers support Holocaust Survivors eligible under the Claims Conference to comfortably age in place.

City Links Program (new)

This new program was launched in October 2021 in partnership with The City of Calgary, providing home maintenance support to eligible seniors living on lower fixed incomes.

PRIVATE HOME SUPPORT SERVICES

Sometimes we need extra help. An aging parent is roaming during the night, a mother with a newborn, a caregiver needs respite, recovering from surgery, an individual wants extra help around the house. Sometimes meal preparation is the only barrier for a senior to remain in their own home.

“

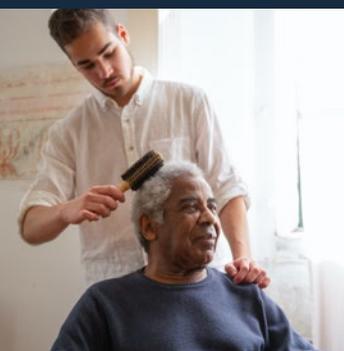

I continue to be thankful to you and the organization for supporting Dad over these years. He would not have been able to stay at home without your significant efforts.

Mike L., family member

”

Our professional staff provides short and long-term in-home support to help with physical and/or emotional limitations that impact daily living. We work with natural support networks, AHS, community resources and other service providers to meet the unique needs of every individual.

- Homemaking
- Meal preparation
- Accompaniment to appointments
- Medication assistance
- Personal care
- Caregiver respite
- Advocacy and emotional support

Home support services are available on a fee-for-service basis.

OUR VOLUNTEERS

Arriving on the doorstep of an isolated senior, a volunteer delivers a beautifully wrapped package filled with food and personal hygiene products. Many seniors may not have had a real conversation in days. The gratitude in their eyes is humbling. Someone cares.

A volunteer discovers a new friend – someone they've never met and from a different world. And yet... they are paired up through the Friendly Visitor program and develop a deep, meaningful bond.

When we say that our valued volunteers are the heart of JFSC, these students, seniors, businessmen, stay-at-home mothers, millennials, are the face of the agency. They inject hope and significantly impact the lives of so many who are isolated, seeking companionship and a feeling of belonging.

The impact of their gestures is far reaching and beyond measure.

100%

of volunteers strongly agree/agree that “at JFSC they are treated with dignity and respect and feel that their volunteer opportunities make an impact on the community”

Volunteering at JFSC has opened my eyes to the fact that anyone can be vulnerable and that has inspired me.

Sharon W., volunteer

COMMUNITY COLLABORATORS, FUNDERS, PARTNERS AND SUPPORTERS

We are grateful for our valued funders, partners, collaborators and supporters who work together with us to provide hope for our clients through high quality programs and services. Together we are enriching lives and building communities.

FUNDERS

LIFE & LEGACY™ is a collaboration of the Calgary Jewish Federation and Jewish Community Foundation of Calgary in partnership with the Harold Grinspoon Foundation. JFSC is one of ten Jewish Calgary organizations participating in this Legacy program. The goal is to ensure a strong and sustainable future for the Agency.

On behalf of everyone at JFSC, we extend our heartfelt thank you to the following legacy donors for their commitment to JFSC through the LIFE & LEGACY™ program.

For more information on this program, and if you would like to participate, please contact Peta at petag@jfsc.org or call 403-692-6389

JFSC is a non-denominational, accredited, non-profit social service agency dedicated to enriching lives and strengthening communities since 1961. We provide inclusive and accessible programs and services for individuals and families across their life spans, based on the values of compassion, social justice and improving the world.
